WHO WE ARE

The Gordon Lee Alumni Association has been around since 1990; it was established to meet certain budget needs and enhance the experience for students and teachers on campus. Our funding efforts are primarily focused on infrastructure, technology, & educational resources. In the last ten years or so, the alumni association has been able to give over \$300,000 to the school system for things like computer labs, playground equipment, awnings, building safety features, and more. The proceeds generated by this golf tournament directly impact our current and future Trojans, aiming to give them the best learning environment we can build for them.
